Workshop on VFX Editor

Date: 15-11-2019 to 16-11-2019

Venue: Room 107, Aryabhata Hall

Resource Person: Mr. Goutam M

No. of Participants: 46

About the Session

In these sessions, VFX Editor incorporates and updates all required versions of visual effects shots into the current cuts of the VFX / live action sequences. The VFX Editor also has the ability to create a functioning environment where the Visual Effects Supervisor can evaluate any version of any shot in the current sequences, for aesthetic and technical direction. This position works closely with producers to manage all incoming media and outgoing deliverables.

Objective

- Editing special effects in videos and films
- Maintain sequence edits and inserting visual effects shots into the timeline
- Manage and document the turnover of shots from editorial through to delivery including ingesting new media into pipeline
- Ensure Shotgun is maintained with current shot counts, lineup and any retime instructions

Outcome

- Basic computers skills and creativity
- Prepare sequence edits for internal and client approvals when required
- Create daily playlists and operate the screening room system for dailies
- Perform shot specific colour corrections to match editorial reference when required
- Perform shot retimes to match supplied editorial reference when required
