Assistant Professor in the Department of Computer Science and Engineering Centurion
University of Technology and Management.

E-Mail: rajkumar.mohanta@cutm.ac.in

About the resource person:

He is currently working as an Assistant Professor in the Department of Computer Science Engineering at Centurion University of Technology and Management, Jatni Campus. He is pursuing his Ph.D. in the field of Soft Computing & completed M. Tech in CSE from

BPUT, Odisha. He has 14+ years of Teaching Experience. He is certified in AWS Cloud Practitioner, AWS Solution Architect-Associate and AWS DevOps Engineer.

About the Session:

This insightful FDP from Nodal is generative software for composing music, interactive real-time improvisation, and a musical tool for experimentation and play. Nodal uses a new method for creating and exploring musical patterns, probably unlike anything you've used before.

Objectives:

To provide opportunities to faculty members to enrich their teaching skill and research in the field high-performing design alternatives.

Outcomes:

Quickly generate high-performing design alternatives—many that you'd never think of on your own—from a single idea. With generative design, there is no single solution; instead, there are multiple great solutions. You choose the design that best fits your needs.
