

## Workshop on Autocad

### Resource Person

#### Mr. Sudeep Singh

Assistant Professor in Mechanical Engg. Dept

Date: 30th May 2019

Number of Participants: 19

### Resource Person Profile

Mr Sudeep Singh is currently working as Assistant Professor in Mechanical Engg. Dept, Centurion University of Technology and Management, bears a long experience of 12+ years in teaching and research. Prior to that he also has worked in manufacturing industries like Apollo Tyres Ltd(Vadodara Plant), Project Technologists Pvt. Ltd. and Vishav Components Sourcing India Pvt. Ltd. He has published 30+ research papers of international repute and presented in a number of international conferences. He has a number of research papers in national and international journals and has collaboration with many institutes for research works. He is also a resource person who has expertise and knowledge in autocad handling.

### About the programme

AutoCAD is a commercial computer-aided design (CAD) and drafting software application. It is a desktop app running on microcomputers with internal graphics controllers. AutoCAD is used in industry, by architects, project managers, engineers, graphic designers, city planners and other professionals. In the workshop programme, participants learn about the uses and utilization of AutoCAD to make their daily work life easy. This programme will require active involvement of the participants, so that they can obtain maximum knowledge and skill at the end of it.

### Objectives:

- To teach users to design any automobile parts and can make its drafting which can be easier for manufacturing
- to teach users the basic commands and tools necessary for professional 2D drawing,
- to teach participants about design and drafting using AutoCAD / AutoCAD LT

### Outcome:

- Use AutoCAD for daily working processes.
- Navigate throughout AutoCAD using major navigating tools.
- Understand the concept and techniques to draw.
- Create multiple designs using several tools.
- Create layers to control the objects' visibility.
- Explain drawing using annotations.

- Plot or print the drawing by scale.
