

Seminar on
Advanced Materials and Technology
“AMT-2018”

Date: 17th April, 2018.

Invited speakers:

1. Dr. N.C.Mishra, Utkal University
2. Dr. Amritendu Roy, IIT Bhubaneswar
3. Dr. S. K. Rout, BIT Mesra
4. Dr. T. Badapanda , CVRCE Bhubaneswar
5. Dr. S. Anwar, IMMT Bhubaneswar

Chief Guest: Prof. D. K. Tripathy, Former VC in VSSUT Burla

Guest of Honor: Dr N.C.Mishra, Utkal University

No. of Participants: 121

Brief Profile of Resource Persons:

All the invited speakers including the guest of honour are from reputed institutions and have significant contributions to the field of material science (Theoretical and experimental). They have published their works in reputed journals with high impact factors and completed a good no of projects. They are also actively involved in the R& D of industry.

About the session:

There are many applicants including faculty from various institutions, research scholar and industrial persons who explored the new technology and the multifunctional materials. In this seminar each participant shares their research work through presentations followed by interactions by the experts which could improve their quality of research. During this session a good collaboration is established between the academician, researcher and industry personals. Really it is a good platform to explore the cutting research area suitable for industrial applications. The attending experts and industry partners also provided a fantastic networking experience.

Objective

- To acquire knowledge of functional materials, nanomaterial, composite, biomaterial and their prospective application.
- To understand the need of materials and their application in various academic, industry and research organization.
- To educate the young researchers/ students about the synthesis, engineering/modifications of nanomaterials through various physical and chemical techniques,

their characterizations along potential and interdisciplinary applications in various fields.

Outcome:

This seminar tried to bring together prominent researchers' academic scientists, and research scholars to exchange and share their experiences on all aspects of Materials Science. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of material sciences.
