

#### ***4.1.3: Availability of general campus facilities and overall ambience***

The major campuses of Centurion University are at Bhubaneswar (Jatni) and Paralakhemundi, situated in the poorer and under-developed parts of Odisha having tribal inhabitation, with the objective of serving the underprivileged communities/geographies. Each campus has been designed to ensure that it offers the best in class education infrastructure and living conditions.

In order to attract the best talent of faculty and staff, all modern amenities such as connectivity (electronic and physical) and medical/residential/recreational facilities are available within the campuses or in close proximity. Each campus offers a balanced lifestyle in a tranquil environment, conducive to overall well-being and supportive of academic pursuits.

Some of the key features and general facilities, available at both campuses, are listed below:

1. **Gated Campus and Security:** Fully gated and walled community with 24x7 physical and electronic surveillance systems have been established at both the campuses.
2. **Residential Facilities for Staff and Faculty:** On campus residential accommodation is available for single and married employees, along with their families. This is offered free or for a very nominal rental for covering maintenance.
3. **Residential Facilities for Students:** The campuses have segregated female and male residential facilities (to accommodate up to 70% of the enrolled students), ranging from multiple/dual to single occupancy with shared/attached facilities.
4. **Guest House:** Each campus has a guest house that is operated by professional staff. This is used by visiting faculty, company executives, eminent visitors (both national and international), visiting relatives of staff/faculty, as well as parents of the students.
5. **Mess/Dining Halls:** Each campus has multiple mess and dining halls. These are designed to give a homely restaurant like feel and are managed by professional contractors having requisite experience in the field.
6. **Mini-Market and F&B Facilities:** Each campus has a 'market area' that houses shops for catering to the general needs of the students, faculty and staff. Besides this, there are a range of F&B outlets that sell snacks, tea, coffee and similar items, offering a choice of eatables till late at night.
7. **Transportation:** Each campus has a number of vehicles (cars, buses, mini-vans, etc.) for use by students/staff/faculty for various purposes.
8. **Banking/ATMs:** There are a number of ATMs at our Jatni and Paralakhemundi campuses for use by the students/staff/faculty.
9. **Farms and Fresh Produce:** The campuses have self-managed farms with exotic/general vegetables/flowers. There are farm animals through which the mess/dining facilities and faculty/staff have access to fresh and healthy produce.
10. **Tribal Museum on Campus:** The Paralakhemundi campus has a Tribal Museum with families from local tribes who live their traditional lifestyle. This is seamlessly integrated with the existing life on campus and offers an example of harmonious living.
11. **Clinic & Medical Facilities:** The campuses have basic medical facilities and dedicated ambulances for taking care of any exigency. They also have quarantine zones and hospital grade rooms (medical beds, drips, oxygen cylinders, etc.) to cater to any pandemic.
