

SOP FOR DISCIPLINARY COMMITTEE, CENTURION UNIVERSITY

Introduction

With strength of almost 5000 students and over 500 staff, management of HR and maintenance of discipline amongst students and staff is an important management function. There is hence a requirement of a comprehensive SOP for conduct of enquiries and disciplinary proceedings.

AIM

To lay down SOP on conduct of enquiries in reference of instances of indiscipline and unwanted activities as well as relevant disciplinary proceedings post such enquiries.

Disciplinary Committee

As per the existing order of Registrar, the Disciplinary committee is formed to look into the various aspects of Discipline and Grievances which are given below:

1. Handling of Grievances, Complaints, Disciplinary Proceedings for Employees

This committee is empowered to handle serious grievances and disciplinary issues of the employees excluding sexual harassment.

2. Handling of Grievances, Complaints, Disciplinary Proceedings for Students

This committee is empowered to handle both the serious grievances of the students and disciplinary issues of the students in line with UGC guidelines excluding sexual harassment.

Process of Inquiry

On receipt of grievance from / complaint against or report of an act in violation of University rules / regulations / ethical and moral code, the Chairperson, DC will examine the same. If suitable merit is found, he will order the inquiry to be conducted by appropriate committee. Such inquiry should be ordered within seven days of grievance / complaint received unless found infructuous. The inquiry must be completed within 30 days of such order, and extension if any will be sought only if deemed unavoidable, from the Chairperson, DC.

Conduct of Inquiry

- **Ensuring the complainant is safe and initiating all necessary actions to ensure this.**

1. Preliminary Actions:

As and when the inquiry is ordered the Convener will assemble the committee for the following actions:-

- a) Studying the complaint / initial report leading to the ordering of inquiry.
- b) Deciding upon the witnesses to be called for recording of the evidence and deciding on the sequence of witnesses to be called. List of material evidence which needs to be produced including audio/video/CCTV evidence should also be decided.
- c) Deciding on the date, time and place for conduct of the actual inquiry.
- d) The list of witnesses/evidence and the date/time/place of inquiry to be intimated in writing to the Chairperson, DC / CEO, CUTM for making the necessary arrangements.
- e) Study relevant orders / statutes / rules and legal provisions if any relevant to the case.

2. Calling Witnesses

Apart from the complainant, accused person/persons other relevant witnesses should be called to give evidence. The aim of an inquiry is getting to the bottom of

the case and unearthing the truth. All relevant witnesses must be called. These include:-

- a) Person or official who first received the complaint or who was the first witness to an incident.
- b) Superior or the care taker (e.g. hostel warden in case of students in the hostel) of the hostel.
- c) In the event of an injury / medical-legal case / death of any individual, the medical officer and / or attendant as the case demands.
- d) Likely individuals who could have witnessed the incidence.
- e) In any case of a student misbehavior, his/her Mentor/HoD.
- f) Witnesses should be called in a sequence, which aids in ascertaining the truth, and not based on availability or convenience.

3. Conduct of Inquiry

The inquiry will commence on assembly of all members on the date and time fixed. In case of absence of individual member, the reason of absence will be recorded and consent of all other present members will be taken to proceed with the inquiry and recorded. However this would be an exception only. The procedure to be followed will be as follows:-

- a. The Witness so called will be permitted to give out his statement. He/ She can be permitted to read out a written statement. The Witness will be given a statutory warning as follows:-
".....is giving this statement without any compulsion / oppression / harassment / prejudice. I am fully responsible for whatever is being stated by me"
- b. The witness will be allowed to narrate the statement without any interruption / cross-question. However the committee may guide the witness to remain relevant and factual. One member of the committee will record the entire statement, in the "First Person".
- c. The members of the Committee may question each Witness with the aim of extracting the complete facts and filling the gaps in the statement narrated. All questions and answers should be recorded.
- d. Any witness may be called again for further questioning, should the committee feel so while statement of another witness is being recorded.
- e. On completion of statements and questions / answers, the Witness will sign with a statement **"The statement recorded / questions and answers during the preceding have been read by me or read over to me and understood. I sign the same as correct"**. All members will sign below the witnesses signature

4. Re-examining witnesses

If the inquiry committee feels the necessity of re- examining (questioning) a witness due to new facts emerging during the inquiry, they may do so.

5. Preparation of Findings

Findings in an inquiry, is a logical summary of facts emerging out of the process of inquiry. Findings will also bring out the circumstances leading to the incidents. Specific references to the statements of relevant Witnesses and / or documentary evidence (exact / approved / signed statement) produced must be made while stating the fact.

6. Recommendations

Specific recommendations will be included as to the punishments to be awarded to each individual who was found guilty of an offence. The recommendations should also include any change / improvement in procedures needed to prevent such occurrences.

Thank You
