No 15362 //
LT/RT/R NOC-03/2022

Bhubaneswar, the

09/ Dec, 2022

To,

The Chairman/Secretary/Principal
School of Paramedics & Allied Health Sciences,
Centurion University of Technology and Management,
Ramchandrapur, Jatani

Sub: **Renewal NOC for conducting DMLT/DMRT Course for the academic session 2022-23.**

Sir,

I am to inform you that in pursuance of approval obtained from Govt. in Health & Family Welfare Department OSWAS File No: HFW-MEII-MISC-0093-2022, renewal NOC is issued in favour of your institute "**School of Paramedics & Allied Health Sciences, Centurion University of Technology and Management**" to conduct **DMLT** (Intake capacity 40(Forty)) and **DMRT** (Intake capacity 40 (Forty)) course for the academic session 2022-23 subject to the conditions mentioned below.

1. The NOC is valid for one academic year only.
2. The institution shall not admit students more than the approved intake seat capacity. No admissions shall be made beyond the validity period of the NOC.
3. No financial assistance/grant in any case in any form will be given by the State Govt. The institution will have to bear all the recurring and nonrecurring expenditure for all time to come.
4. The State Govt. shall not give any grant for building etc. at any time. The building intended for educational occupancy should not be used for any hazardous occupancy.
5. The State Govt. shall not take over the school/college at the request of the institution.
6. The institution shall seek approval and affiliation from the concerned University/State Board and send the copy of the approval/ affiliation to the Registrar/ Chairman for record.
7. All the conditions of affiliation prescribed by the affiliating University or Board will have to be met by the Institution.
8. The Institution cannot change their address or location without permission.
9. Tuition fee and other charges will be as per the norms prescribed by Government / affiliating University / Board.
10. The Government can impose any other condition(s) at any time, which shall be binding on the Institute.
11. In case, the institute is not able to admit candidates for the academic session for which NOC was issued, the institutions will be given scope for revalidation for subsequent two years only.
12. Any contravention of the above stated conditions shall result in withdrawal of the "No Objection Certificate" and action deemed fit against the defaulting society/ institution.

Yours faithfully,

Addl. DMET (O) & Chairman,
DMLT/DMRT Council

An exceptional academic atmosphere, a comprehensive educational platform where knowledge is converted to achievements and a community that values cultural diversity - that is Centurion University.

A remarkable place that provides expertise in a first-rate academic environment, the University is a quintessential multidisciplinary educational option. Constant reviews by accreditation bodies and insights from industrial partnerships and memberships results in continuous upgradation of academic offerings and services to meet evolving demands of the global workforce.

Six campuses and several social entrepreneurial outreach entities along with collaborating institutions and networks form its ecosystem. The campuses are located at Paralakhemundi, Bhubaneswar, Vizianagaram, Rayagada, Bolangir and Balasore. The individual Schools are M. S. Swaminathan School of Agriculture, School of Allied Health Sciences and Paramedics, School of Architecture and Planning, School of Basic Sciences, School of Engineering and Technology, School of Management, School of Media and Communication, School of Pharmacy and Life Sciences, School of Vocational Education and Training and the Institute of Knowledge Societies.

A full-fledged product development lab with Dassault and Wipro 3D as partners enables students to take an idea and take it through design, validation and produce it and has resulted in over 50 patents and copyrights. About 50 percent of its revenue comes from training, product development and production.

The curriculum is choice-based – one can choose from 50 different industrial domains and over 100 skill courses. The allied health labs replicate real hospital ones. Internships are a critical component of all programmes. The University is also promoting research focussed on commercial product development – presently it is working on an indigenous insulin pump and E-vehicles. The University already has two ICAT approved models. The University is also promoting a fin-tech company, and a supercritical CO₂ based oil extraction unit.

Centurion University has advanced, world-class sports facilities, managed by renowned sports organisations such as Odisha Cricket Association. The facilities are modelled on the best of Australian and American Universities, where the sports field is more than just a pastime.

Fully compliant already with the New Education Policy of the Government of India, the University is lauded as a unique model of new age education policy in practice and is applauded by even the UN as an inclusive and co-habitation-based education model.

25	G.D. Goenka University	Private thru State Act	Gurgaon	Haryana	2013	6	35.05

*Below 10 years since inception

Survey Methodology

The Rankings evaluate institutions based on parameters such as Faculty Student Ratio (FSR), Faculty with PhD (FWP), Papers Per Faculty (PPF), Citations Per Paper (CPP) and Inclusiveness & Diversity (ID). Institutions are awarded an overall rank depending on the number of points achieved through the evaluation, and their key strengths in specific parameters are displayed. This has been designed with valuable feedback from the industry.

Rather than blindly comparing institutions against one another, Outlook-ICARE India University Rankings 2019 is a fair assessment based on how institutions within the same category perform against each other in a variety of metrics, thus reflecting the strengths and weaknesses of an institution in each domain.

Most importantly, to re-emphasise, all assessments are based on objective data—most of it is obtained from reliable third-party sources and there is zero dependence on voluntary submissions. Wherever information has been taken from institutional websites, a dedicated data validation and verification team has verified and ensured its authenticity and validity, thus assuring parents and stakeholders of the highest standards of quality and reliability. Statistical techniques, Z-score normalisation, avoiding papers with more than 10 contributors, provision of low weightage for papers/authors/institutions who have an unusually high number of self-citations etc. are the steps taken to ensure fair and accurate rankings.

A university that has a low overall rank may score high in individual parameters and vice versa. This unique system of ranking can help students identify institutions which may be a good fit for them, but do not appear at the top of the rankings. It provides an opportunity for lesser-known institutions and specialist universities to shine on the basis of their strengths.

The Vice Chancellor
Centurion University of Technology and Management,
Parlakhemundi, Vill. R.Sitapur, Via. Uppalda,
Dist. Gajapati – 761211, Odisha

Sir,

Based on the LoI, IEA, Statement of Compliance and Self Study Report submitted by the University and subsequent report of Peer Review Team, the National Agricultural Education Accreditation Board of ICAR in its XXIII meeting held on 29th March, 2019, granted accreditation to the M.S. Swaminathan School of Agriculture, CUTM, Odisha for a period of five years i.e. **upto 28th March 2024**.

The details of accredited programmes/colleges of the University along with remarks made by the Board are enclosed herewith as Annexure-I and Annexure-II respectively. The University is thus required to address the observations of the Board in a time bound manner, specifically during Mid-term review.

Board further decided that student intake in the programme and strength of faculty/technical/supporting staff as listed in Self Study Reports and undertaking given by registrar during Peer Review, if any, must be maintained by the accredited university/College/Programme throughout the accreditation period. Any deviation by the accredited University/College for student intake and faculty/technical/supporting staff strength would warrant the withdrawal of the accreditation.

Yours faithfully,

(G.Venkateshwarlu)

Assistant Director General (EQR)
