Centurion University of Technology and Management

Faculty Development Programme on

Enterprise Resource Planning (ERP)

Date: 28-02-2019

Resource Person:

<u>Mr. Nrusinha Das</u>

Profile:

Mr. Nrusinha Das is an employee in Centurion university of technology and management, he is working in the ERP section with several years of experience.

About the FDP:

This will equip the staff and faculties to manage and integrate various activities like teaching, attendance, accounting, course registration and all other administrative works using the software platform or a single platform. This platform will typically run web-based applications that users can access remotely.

Objectives:

To manage day-to-day business activities such as accounting, procurement, project management, risk management and compliance, and supply chain operations.

Output the programme:

Faculties and staff will feel more confident while using the software for different purposes and activities. Various activities like student attendance, Marks upload, Leave application, finance & accounting, management and exam section works will be easily managed by respective staffs. This system enables a clean and efficient way of managing the university's different works by bringing together all departments and connecting people through a single platform. It will save a lot of resources and time and the return on investment will be quicker.
