# ABOUT THE PROGRAM

Having high-quality security employee training and induction is an important step in effectively running your security services. Training and inducting our security officers helps to provide quality and professional security personnel. Today we will be discussing why it is important that every single security officer/employee you engage or subcontract is first trained and inducted before you deploy them offsite

## OBJECTIVES

Health and safety procedures Safety trainings  
Work inspections...

## CONCLUSION

I am sure you will agree that your security company, employees, and clients all desire quality service and that having the right security training and induction material is vital in delivering quality security service!

If you require Standard Operating Procedures or Security Training and Induction training materials, please visit our shop below, for quality tailored-made, easy to edit, and instant download documents.
