

Centurion University Technology and Management

SDP on Hostel Management

Date: 16-10-2020

No. of participants- 16

Resource person: Mr Dilleep Kumar Panda

ABOUT THE PROGRAM

The training program for hostel wardens has been prepared after taking account of their formal duties (as prescribed in the job description) and practical day-to-day activities. The hostel wardens are normally drawn from permanent faculty members and can belong to a variety of academic disciplines. No formal training is imparted to the Hostel warden to carry out their duties. The training course has been designed to introduce the wardens to essential concepts and equip them with the requisite skills to manage their everyday functions.

The training program introduces the wardens to essential concepts in management, leadership and organizational behaviour. These participants will employ these concepts as frameworks to conceptualize their individual functions. Building on this Understanding, the Participants are introduced to a variety of tools to manage their own functions that include communication, Negotiation and conflict resolution, emotional intelligence and counselling.
