Workshop on Career Goal Setting 6 January 2022

A workshop on Career Goal Setting was organized by the Training and Placement Cell of Centurion University of Technology and Management, Paralakhemundi on 6 January 2022. The objective of the workshop was to aware students about their goal setting and its importance. Through this workshop students could realize about their career's goal, mission and vision. The facilitator of the event was Dr. Prasanta Mohanty, Head, Training and Placement, CUTM. He emphasized about the goal setting and its importance.

He stated that goal setting is a crucial part of achieving incredible results. By classifying our goals as outcomes, will help distinguish between where we are now and where we really want to be. One needs to follow certain principles while setting a goal to excel in a particular field.

The **SMART** Principles of goal setting include:

SPECIFIC: Is the goal clearly written, with no ambivalence? Is it clear who needs to accomplish the goal, and any support that might be expected?

MEASURABLE: Does the goal answer the questions of how many, how much and/or how often?

ACHIEVABLE: Can you get the support needed to achieve the goal by the target date? Do you have all the resources needed to achieve the goal? Are the results expected realistic?

RELEVANT: Does the goal make a difference to your career/health/wellbeing? Is it going to make an improvement in your personal life? Is it going to significantly make a difference for you and your environment?

TIME-BOUND: Does the goal state a clear and specific completion date?

By effectively setting goals one will:

- Have a clear purpose and direction
- Be able to visualise what one want, and how to chase after it
- Be able to assess progress
- Be much more likely to achieve a result

The event witnessed the active participation of 250 students from diverse disciplines. The workshop was truly informative and knowledge enriching that gave an impetus to the students in this regard.

Session on SMART Goals

Students working on their Career Goals
