Report on

Campus to Corporate World

10 April 2022

A live webinar was organized on 10th April 2022 for an Acing IT industrial interview. Various problems relating to job opportunities in IT sector as well as how to adapt students to the industry workplace were discussed. The webinar was facilitated by Avinash Sohal and Trupti Devpuria. A total of 298 participants attended the webinar. The event was coordinated by Dr. Prajna Pani, Professor, Department of English.

One of the biggest challenges every student goes through is the transition from college to corporate life. Suddenly, there is a transition from assignments & mid-semesters to team work and deadlines. Corporate houses need employees that can be immediately employed and deploy. There is a huge demand and supply mismatch in quality manpower in terms of technical skills, communication, articulation and teamwork. Training college students to make them more employable is one of the key challenges for most of the companies in India.

Some of the most common improvement that students can do when entering the industry is following certain etiquettes such as:

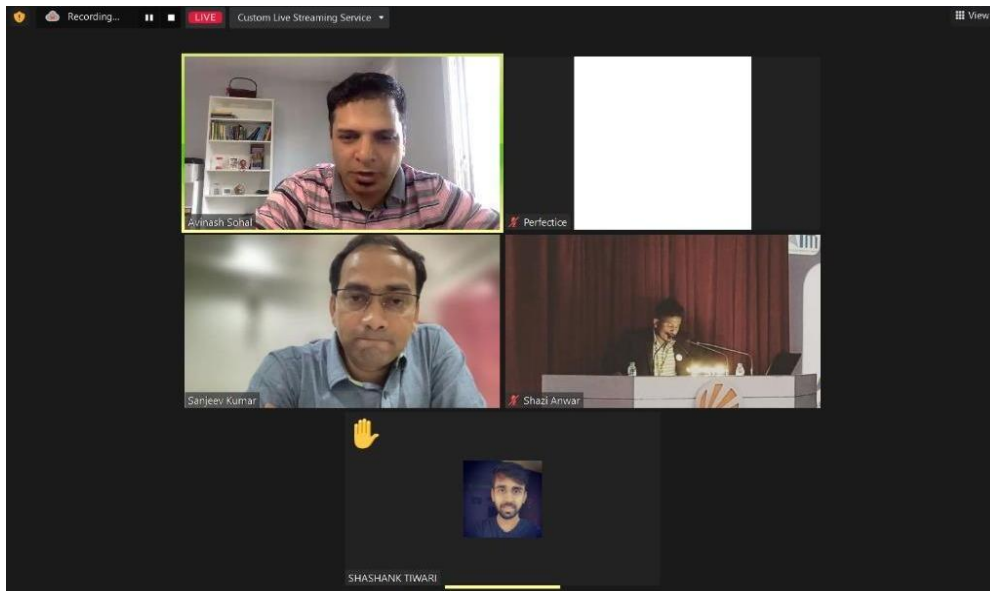

- Making a Great First Impression:
 - How to present yourself to people
 - Greetings, Introductions
 - Developing Your Professional and Personal Image
 - Personal Hygiene
 - Polish interpersonal skills

- Etiquettes of Dressing:
 - The do's and don'ts in dressing
 - Understand various dress codes for different occasions
 - Clothes and Corporate Culture

- The Do's and Dont's in conversation:

- Enhance communication skills
- Build self-confidence and self-esteem
- Rapport building interpersonal skills
- The basics of interpersonal communication
- Starting and sustaining conversations that are engaging
- Handling conversations with the opposite sex
- Acknowledging differences
- Giving and receiving compliments
- Coming across as a positive person
- Avoiding bad conversational habits
- Displaying courteousness and thoughtfulness at the workplace
- Being thoughtful to colleagues regardless of position
- Sticking to convictions as diplomatically as possible
- Apologizing
- Showing appreciation
- Extending courtesy to guests, consultants, and new employees

The above discussions can easily identify the various etiquettes to be followed when a student enters the industry from an academic background. The webinar session was followed by a Q and A session where the students interacted with the speaker.
