IELTS stands for International English Language Testing System. It is one of the most standardized and accepted international proficiency tests. Students are expected to be tested on the four basic language skills i.e., Listening, Speaking, Reading and Writing skills.

The training was conducted by the internal faculty members of CUTM. Around 1200 students across Centurion Campuses participated in the training programme. The followings were the objectives of the training sessions

1. To make the participants familiarize with IELTS tests (LSRW)
2. To make the participants understand various parameter of evaluation of each skill
3. To enhance students IELTS score by eradicating errors
4. To familiarize the students with many IELTS training/practice platforms

The event was a successful one as students were able to enhance their scores towards the end of the training sessions. Students were more confident to appear the IELTS test and to score minimum 6.5 out of 9.
