Accounts Maintenance

Date: 17-11-2018

Resource Person: Mr. A. Avinash

No. of Participants: 25

About the resource person

A.Avinash working as Assistant Professor, Dept of CSE, Centurion University of Technology and Management, Andhra Pradesh . Interested to work on Machine learning, Natural Language Processing, Problem Solving Methodologies , and Chat Bot.

About the programmed and objective

It is generally seen that there is confusion among taxpayers about maintenance of books of accounts under Income Tax Act like who is required compulsorily to maintain the books of accounts and for how many years one has to keep his books of accounts.

Objectives

- To familiarize with the basic conceptual framework of Financial Accounting i.e., from recording of transactions for Understanding and Interpreting of Financial Statements.
- To provide the knowledge to the audience about financial statements and principles underlying them and to develop their skills in reading Annual Reports.
- To equip the audience with the skills required to understand cost statements/records and management accounting.

Outcome:

Develop an awareness and understanding of the accounting process and fundamental accounting principles that underpin the development of financial statements (e.g. accrual accounting vs. cash accounting, definition, recognition, measurement and disclosure of assets, liabilities, revenues, expenses; inventory valuation methods and methods of depreciation).

Understand and interpret the nature and role of the principal financial statements (i.e., the Income Statement, the Statement of Financial Position, and the Statement of Cash Flows). Understand and apply cost concepts and management accounting to analyze common business management decisions such as pricing a product and services.
