

## WORKSHOP ON GENDER SENSITIZATION

**Resource Person: Dr. Smita Mishra Panda,**

**Professor, SoM**

No. of Participants: 27

Date: 19.3.2021

### **About the session:**

The module on Gender Sensitization presents a compilation of information on gender awareness, bringing forward the distinction between sex and gender whilst defining other gender related terminology. The module reflects upon the ways in which gender and other gender related terminology are socially constructed and the important role that education can play in sensitizing the people to change their mindset.

### **Objective:**

- Sensitizing about existing gender inequalities. With understanding comes ability to bring about attitudinal changes towards Gender based violence.
- Understanding the concepts would help in sensitizing people about curbing the gender biases prevailing in the society and would help in empowering girls and women to achieve their goals.
- Better understanding of the concepts of equality and non-discrimination, the two fundamental aspects of our constitution, there is a need to understand the basic concepts like difference between sex and gender, gender roles, gender stereotypes, gender division of labour, gender discrimination, and gender based violence, masculinity, patriarchy, gender equality and so on.

### **Outcomes:**

- Gender roles are learned or conditioned by the socialization process through various socializing agents.
- Differences do exist, but they are biologically rooted and culturally expanded upon.
- Gender roles are not static and vary with culture, society and historical periods.
- We need to challenge patriarchal mindsets & ensure that both boys and girls have equal access to opportunities, decision making, and freedoms.
- To enable them to understand how it feels to not conform to socially defined gender norms

The screenshot shows a Microsoft PowerPoint slide titled "Gender Sensitization". The slide content includes:

- A definition of Gender Sensitization: "Gender Sensitization refers to theories which claim that modification of the behavior of teachers and parents (etc.) towards children can have a causal effect on gender equality."
- A dictionary definition of gender: "The dictionary meaning of gender is – the class in which a noun or pronoun is placed in grammatical grouping."
