SDG 6 | **Research on Clean Water and Sanitation**

SDG 6

REPORT 2021

THE CONTEXT

Centurion University conducts research in the area of “Clean Water and Sanitation” through its various schools and research centres. Faculty and students are engaged in and publish many research articles striving towards the standalone topic and others which are cross disciplinary. the University's production units, industry sponsored action learning laboratories and community engagement provide an excellent basis for research in this area.

There were 2 research papers published in journals of national and international repute excluding the cross disciplinary research papers. The following section serves as a link to last three-year research endeavour in SDG 6.

Jaggannath Padhi

Director,
Centurion University

Research Articles

1. [A Dynamic Approach for Sewage Treatment Plant and its Implementation Strategy](#)
2. [A model waste water treatment plant and its implementation Strategy](#)
