SDG 5 | Research on Gender Equality

SDG 5 REPORT 2021

THE CONTEXT

Centurion University conducts research in the area of “Gender Equality” through its various schools and research centres. Faculty and students are engaged in and publish many research articles striving towards the standalone topic and others which are cross disciplinary. the University's production units, industry sponsored action learning laboratories and community engagement provide an excellent basis for research in this area.

There were 9 research papers published in journals of national and international repute which excludes the cross disciplinary papers. Currently, there are 7 research papers under work-in-progress stage. The following section serves as a link to last three-year research endeavour in SDG 5.
