## **A Report on**

### **Alumni talk: Placement opportunity after B.Tech AG**

**Date-** 27th January, 2024

**Time-** 11:00 A.M.

**No. of Participants-** 40

**Venue:** Seminar Hall, MBA Building, PKD campus

#### **Overview of the talk:**

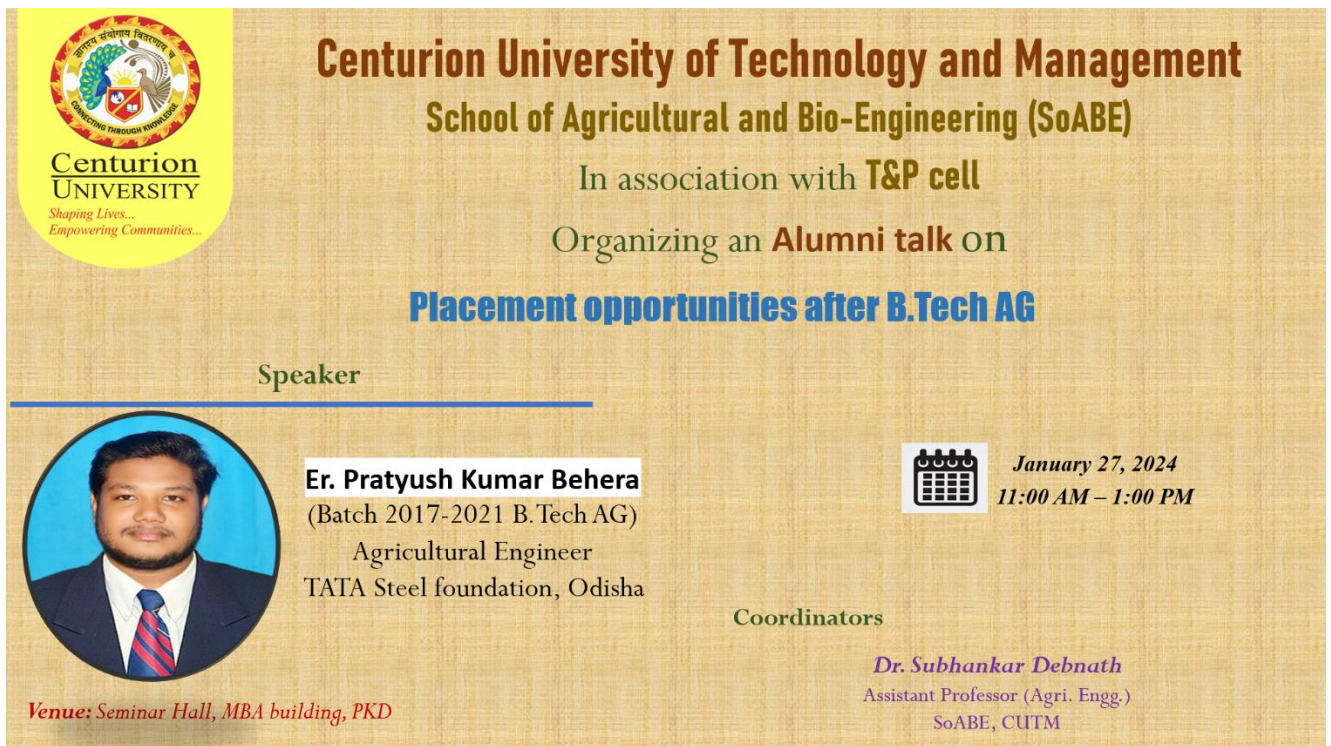

One day alumni talk on “Placement opportunity after B.Tech AG” was conducted on 27th January, 2024 by the Department of Agricultural Engineering, School of Agriculture and Bio-Engineering (SoABE), Centurion University of Technology and Management (CUTM), Parlakhemundi, Odisha. Program was conducted in co-ordination with T&P cell, CUTM. There were about 40 participants physically present in the program. The students of 2nd semester to 8th semester of B.Tech in Agricultural engineering, Dairy Technology and Phyto Pharmaceuticals were actively participated and benefited by the program.

Dr. Korla Harshabardhan, Associate Dean, SoABE, welcomed the program's resource person, Er. Pratyush Kumar Behera (Agricultural Engineer, TATA Steel Foundation, Odisha), and also explained the objective of the alumni discussion. Mr. Behara graduated from SoABE in 2021 with a B.Tech in Agricultural Engineering. He discussed the potential paths students could take after completing their graduation, such as pursuing higher studies like M.Tech or an MBA, or preparing for competitive exams. This shows an awareness of the diverse options available and encourages students to think about their long-term goals. He emphasized the importance of utilizing time effectively while on campus, suggesting that students engage in both academic pursuits and extracurricular activities like CaSR (Culture and Social Responsibility) initiatives. This advice underscores the value of a well-rounded education and the development of skills beyond academics. He highlighted the process that students need to follow for campus placement interviews. This likely includes steps such as resume preparation, mock interviews, networking with recruiters, and honing interview skills. By outlining this process, they provide practical

guidance to help students navigate the job market successfully. Overall, their advice seems geared towards helping students make the most of their academic journey and prepare for future career opportunities.. Mr. Smruti Ranjan Rout and Dr. Prajna Pani of the T&P cell at CUTM urged students to participate fully in the Myperfectice platform by in order to develop their communication skills and increase their preparation for the job.

Dr. D.T. Santosh, Head of the Agricultural Engineering Department, summarized the key points from the session and expressed appreciation for Dr. Subhankar Debnath, the coordinator for training and placement in Agricultural Engineering, for effectively organizing the event. He thanked Mr. Behera and the Training & Placement cell for their efforts in educating the students on such an important topic. Dr. Santosh extended his gratitude to the students and faculty members present in the session, acknowledging their participation as crucial to the success of the program.

Dear Students,

We are eager to inform you about a special event that we have organised for our students (B.Tech. Ag.) – an Alumni Talk featuring a distinguished graduate who excelled in his field.

Our esteemed alumni, **Pratyush Kumar Behra** (Batch 2017-2021), has graciously agreed to share his experiences and insights with current students. He will discuss his career journeys, challenges, and lessons he learned along the way. This is a valuable opportunity to gain inspiration, guidance, and advice for future endeavours. The details of the program are mentioned below.

Date: 27-01-2024

Time: 11.00 AM to 1.00 PM

Venue: Seminar Hall, MBA building, PKD

Agenda:

- Welcome and Introduction – Dr. Subhankar Debnath
- Presentation from Mr. Pratyush Kumar Behra
- Q&A Session with Alumni Speaker

We are excited to see you (2nd, 3rd and 4th Year B.Tech. Ag. students) at the Alumni Talk.

**PS:** All faculty members of B.Tech. Ag. are requested to be present at the program.

Best regards,

Santosh D T  
Asst. Prof. & Head  
Agricultural Engineering Department  
SoABE, Paralkhemundi
