A Report on

Alumni talk: BAIF placement drive (2023-24)

Date- 24th December, 2023

Time- 7:00 PM- 8:00 PM

No. of Participants- 62

Google meet link: *meet.google.com/jgz-sbrn-hmm*

Overview of the talk:

One day alumni talk on "BAIF placement drive (2023-24)" was conducted on 24th December, 2023 by the Department of Agricultural Engineering, School of Agriculture and Bio-Engineering (SoABE), Centurion University of Technology and Management (CUTM), Parlakhemundi, Odisha. Program was conducted in co-ordination with T&P cell, CUTM. There were about 62 participants joined the program though Google meet. The students of 7th semester of B.Tech Agricultural engineering and B.Sc. Agriculture were actively participated and benefited by the program. The alumni talk aimed to prepare interested students for the upcoming BAIF placement drive by discussing potential technical questions and providing insights into the overall selection process. Alumni who have successfully navigated similar placement drives shared their experiences and offered valuable advice to current students.

Dr. Subhankar Debnath, Training and Placement coordinator, SoABE, welcomed the program's resource persons, Papri Mukherjee, Mrutynjaya Pradhan, Biswajit Jena, Debasish Rath and Sai Ansuman Padhi (Project officer, BAIF), and also explained the objective of the alumni discussion. All the resource persons were graduated from SoABE in 2023 with a B.Tech in Agricultural Engineering. The selection process for the BAIF placement drive was outlined, covering stages such as CV submission, initial screening, technical interviews, HR interviews, and possibly aptitude tests. Alumni provided insights into what recruiters typically look for during each stage of the selection process, including assessing technical competence, cultural fit, and alignment with company values.

Key Points Discussed:

- *Technical Questions Preparation:* Alumni highlighted the importance of preparing for technical questions related to their respective fields of study. Topics such as programming languages, software development methodologies, data structures, algorithms, and domain-specific knowledge were emphasized. Strategies for effective technical question preparation, including revising core concepts, solving practice problems, and participating in mock interviews, were discussed.

- *Domain-specific Knowledge:* The importance of possessing domain-specific knowledge relevant to the positions being applied for was stressed. This includes understanding industry trends, emerging technologies, and specific tools or frameworks used in the field. Alumni shared insights into how they acquired domain-specific knowledge through internships, projects, online courses, and self-study.

- **Soft Skills and Communication:**

In addition to technical proficiency, the significance of soft skills and effective communication in the selection process was highlighted. Alumni emphasized the importance of articulating ideas clearly, showcasing problem-solving abilities, and demonstrating teamwork skills.

Dr. D.T. Santosh, Head of the Agricultural Engineering Department, summarized the key points from the session and expressed appreciation for Dr. Subhankar Debnath, the coordinator for training and placement in Agricultural Engineering, for effectively organizing the event. He thanked all resource persons and the Training & Placement cell for their efforts in training the students for upcoming placement drive. Dr. Santosh extended his gratitude to the students present in the session, acknowledging their participation as crucial to the success of the program.
