ABOUT CSR PROGRAMME

It is part of our curriculum that all students of Centurion University of Technology and Management will now be required to participate in the Culture, Sports and Responsibility (CSR) program during their studies at CUTM w.e.f. academic year 2011-12. The program gives students an opportunity to learn from the experience of doing real tasks beyond the classroom, related to culture (student life/ creative pursuits), Sports (activities for physical fitness) responsibility (activities for the benefit of the community or the environment).

Each student is required to complete a total of 30 hours of CSR activities each academic year*. This should include 10 hours of Culture, 10 hours of Sports and 10 hours of Responsibility. After completing of an activity, the Faculty supervisor must sign this record booklet. Only students who have completed the required hours (each activity will be minimum of 1 hour and minimum of 8 hours) of CSR, are eligible to pass that academic year.

At the end of the Centurion University degree, the CSR grade will be reflected in the final Grade Sheet and the student will receive the CSR Booklet listing all of the CSR activities he/she has completed. This can be used for his/her Resume. Information about student clubs, meetings, including details of Faculty In-Charge, their contact and CSR updates are displayed on the CSR Activity Information board on campus. Student can ask any faculty member to supervise the activity and sign the CSR Booklet indicating that the hours have been completed.

22) Participation @ Cyber Volunteer Program by Odisha Police

As Cyber Crime cases are an increasing trend in India as well in Odisha. In spite of registering cases, arresting fraudsters, running a cybercrime reporting portal and even having 1930 Cyber Helpline Number for necessary assistance, cybercrime is increasing. One of the major reasons for this kind of situation is lack of awareness in the society regarding various kinds of cybercrime and how to remain safe from it.

In this context, considering October being the "Cyber Security Awareness Month", Odisha Police organized a "Cyber Safety Campaign" in the state of Odisha from 30th Sep, 2023 to 15th Oct 2023. The main objective of which is to increase the awareness about Cyber Crime among various sections of the society as well as age groups and to educate elderly citizens, women, students and youth, how to be safe in cyberspace.

The Sectors like Banking, IT and ITES, Education etc. can play an important role in spreading the message of Cyber Safety. Odisha Police is collaborating with various organizations and institutions like I4C (Indian Cyber Crime Co-ordination Centre), UNICEF, Banks, IT Industry, Mobile Service Providers, Social Media Platforms, Payment Gateways, various Industries, Academic Institutions, voluntary organizations like NCC, JYK, Red Cross, Self Help Groups etc. Though the Police Department would steer the campaign, various

24) Observation of Gandhi & Shastri Jayanti and International Day of Non-Violence 2023

This year, we celebrated the 154th birth anniversary of Mahatma Gandhi. Mahatma Gandhi's birth anniversary is celebrated every year as Gandhi Jayanti to commemorate his ideals of peace and non-violence as well as his immense contribution to India's freedom struggle. In 2007, the United Nations General Assembly voted to establish 2nd October as the International Day of Non-Violence. Let us all follow the path of truth and wisdom and pay homage to our Father of the Nation on this day. The Father of the Nation with the tools of truth and non-violence, freed our nation from imperialism. He taught us to be the change we wish to see in the world. 48) A Session on: Preserving Quality of Life (Introduction to Palliative Care, Concept of Total Pain & From Patient to Person) by Dr. K V Ganapathy (Clinical Psychologist) on 19.12.2023

Have you heard of Palliative Care and Hospice Care? Let's understand.

Palliative Care: It aims to ease pain and help with other problems if the illness is serious but not considered to be life-threatening for now. It helps people live with the symptoms of long-running things such as cancer, kidney disease or AIDS, or with the side effects of the treatments. Palliative medicine doesn't replace other treatments. It's an addition that helps to deal with things such as nausea, nerve pain, or shortness of breath. If an illness makes it harder to work, play, get around, or causes depression, palliative care can address that, too. People have said they feel more in control of their lives as a result. Even in cases where an illness is expected to be fatal, this type of care can help to live as actively as possible.

Hospice Care: This is for people who have learned from doctors that they are not expected to recover from their condition. It's about easing pain and helping families prepare for the end of life. Palliative care is part of that, but it's just one part. People in hospice care generally are expected to have less than 6 months to live. They are often at home, where family members and professional caregivers look after them. But a specialized center can also be chosen for hospice care. It's also offered at many nursing homes and hospitals. This kind of care can involve not only doctors and nurses, but also family members, clergy, counselors, or social workers who can address the grief of dying and emotions (such as anger, sadness, or regret) that often come with it.

As a CSR initiative, A session on: Preserving Quality of Life (Introduction to Palliative Care, Concept of Total Pain & From Patient to Person) was organized on 19th December, 2023 at Auditorium (Hall No. 6), Aryabhatta Building. It was an interactive session taken by Dr. K V Ganapathy (Clinical Psychologist), CEO, JASCAP Foundation, Associated with Tata Memorial Hospital, Mumbai. Students' Experience

1) Somanath Parida- 220301120090

Ashya Mission Rehabilitation Centre, a beacon of hope and transformation for the beggars in our community. I am immensely grateful for the opportunity to have visited Ashya Mission and for the important work they continue to do in our community. I look forward to support their efforts in any way I can and spreading awareness of the vital role rehabilitation centers like Ashya Mission play in creating a more inclusive and compassionate society.

2) Ujjwal Mandal- 220301120104

Visiting Ashya Mission, a place for helping beggars, was amazing. I saw many talented people there. Some were good at drawing, others were great at talking. They were also busy making things like paper pouches and singing songs happily. We joined in singing too, making everyone happy. It was a special experience, showing how talented and strong people can be, even if they're often ignored.

3) Rohit Kumar Rout- 221516100011

Embarking on a community visit to Ashya Mission today, I found myself immersed in a tapestry of compassion, unity, and purpose. Every interaction echoed with the heartbeat of humanity, reminding me that in serving others, we discover the true essence of our own existence.

4) Abinash Sahoo- 221704290013

Today, on 01.04. 2024, on the eve of Utkala Divas I visited to the Ashya Mission which is located near Khorda.
