SUSTAINABLE CITIES AND COMMUNITIES
Public Access to Museums and Exhibition Spaces

Overview

Centurion University of Technology and Management (CUTM) opens its museum, exhibition spaces and collections of artworks and artefacts to the public. Access to the Tribal Village Museum, the Sanctum Sanctorum, the campus exhibition spaces and the collections of artworks and artefacts is free, while specialised exhibitions, guided tours and exclusive collections are offered as paid options for visitors seeking deeper engagement. During 2025, the University welcomed farmers, school and university students, school principals and teachers, government officials, and industry and international delegations to its museum and exhibition spaces across its campuses.

Free access	Paid access
Tribal Village Museum and its crafts, artefacts and displays	Specialised exhibitions
Sanctum Sanctorum, the all-faith prayer space	Guided tours
Campus exhibition spaces, collections of artworks and artefacts	Exclusive collections
Open Day visits for schoolchildren, held three times a year	

Table 1. Free and paid access to CUTM museum and exhibition spaces, 2025.

1. Museum and Exhibition Spaces

- **Tribal Village Museum:** Located at the Bhubaneswar campus, the museum presents the heritage of Odisha's tribal communities through traditional crafts, artefacts and displays that describe their ways of life and histories. It serves as a learning resource for students and visitors and is open to the public free of charge.
- **Sanctum Sanctorum:** A sacred space housing deities and symbols representing various faiths, open to all visitors as a place of reflection and interfaith understanding. On 5 November 2025, the Deepa Daan (lamp-offering) ceremony for Kartik Purnima was held in front of the All-Faith Sanctum Sanctorum.
- **Pollinator Paradise and the Centurion Experience Centre:** A landscaped pollinator garden and an experience centre at the Bhubaneswar campus that present the University's work in ecology, sustainability and applied learning to visitors.
- **Teaching collections and demonstration units:** Laboratory exhibits, anatomical models, pharmaceutical equipment displays and the Action Learning and agricultural demonstration units

at each campus are open to visiting groups, giving them access to working collections of scientific and technical artefacts.

- **Open Days:** The campus museum is open to schoolchildren three times a year, with priority for schools from rural and tribal areas.

2. Public Visits to Museum and Exhibition Spaces in 2025

Visiting group	Date	Campus	Spaces visited
100 farmers on a residential exposure visit, supported by the Azim Premji Foundation through the Bhagavatula Charitable Trust	2–3 January	Paralakhemundi	Agricultural demonstration units, followed by a tribal dance and cultural programme
