# DAY CARE CENTRE (CRECHE) FOR CHILDREN OF THE STAFF

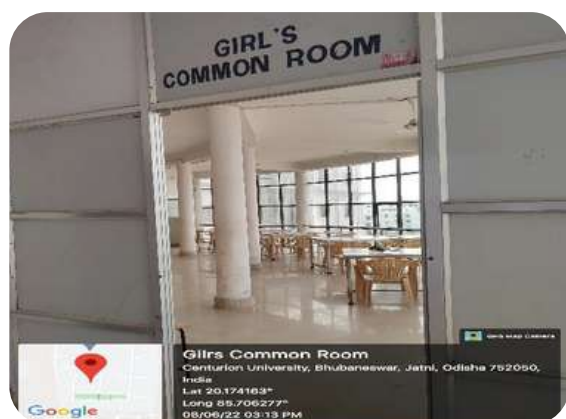

The university has taken a proactive approach by offering a daycare center (creche) to cater to the needs of the children of our dedicated staff members. This invaluable facility not only eases the work-life balance for our staff but also promotes a nurturing environment on campus.

In addition, we understand the importance of supporting new mothers among our staff. To this end, we have thoughtfully established dedicated breastfeeding rooms for our female staff. These rooms provide a comfortable and private space for nursing mothers to tend to their infants, ensuring that both mother and child benefit from the proximity during work hours. This arrangement also positively impacts several young women staff members who greatly appreciate the convenience and support provided. Our commitment to fostering a family-friendly and inclusive work environment is evident in these initiatives, enhancing the overall well-being of our staff and promoting a harmonious work-life integration.

## Common rooms

University offers area for students of the colleges to preserve meetings, study, or genuinely relax. Each hostel in all campus has a frequent room with cable TV and newspapers where students can meet and maintain abreast of the news. The common room is usually bustling with students. With the cozy seating, sufficient desk area, and skylights, the Common room is a warm and welcoming place, a ideal combination of enjoyable and function. Separate common rooms, relaxation rooms are ensured in the flooring of Centurion of Dentistry for the female students with all important facilities.

There are special facilities for women in all schools like common room for girls, separate toilets in different floors, toilets for lady staff and faculties, separate cabins or office room for lady faculties, security arrangements like Ladies hostels for girl students and ladies staff.

Technology and Management, Odisha held on 20<sup>th</sup> November 2018 at 11.00am**

**Agenda point No.13.3: Approval of Day care centre: New Creche Facility**

- i) Starting of Creche facility at University campuses

XX

Vice Chancellor informed the Board members about few initiatives taken of the university such as Creche facility at University campuses, Pathways/Pedestrains being made in the campuses. Even E-vehicles/ battery operated vehicles for usage inside the campuses, restricted use of vehicles inside campuses. The circular related to ban of plastics inside campuses (zero plastic campus) was sent out.

The Board members appreciated these initiatives.

**CRECHE FACILITY**

**No: CUTM/Reg.Off./Admin./38/2017**

**Date: 02.09.2017**

Dear All,

It is hereby notified to all the faculty and staff members that university will provide Crèche facility at its university campuses. This facility has been created for all the staffs and faculty of the university. This includes the benefit that the mothers are allowed to visit the crèche four times per day.

Staffs and faculty members whoever wishes to avail such facility (as and when the need arises) are requested to give their application to the Administration department for proper facilitation.
