Drug and substance abuse refers to the habitual use of substances that alter someone's mental state or physical functioning, often leading to addiction. Drugs most often associated with this term include alcohol, amphetamines, barbiturates, benzodiazepines, cannabis, cocaine, hallucinogens, methaqualone and opioids. The misuse of drugs not only poses immediate risks such as impaired judgement, accidents and health complications but also leads to long-term consequences including addiction, strained relationships, legal troubles and financial instability. Beyond personal harm, drug abuse exacts a heavy toll on communities through increased crime rates, healthcare costs and lost productivity.

### 31) Observation of Gandhi & Shastri Jayanti and International Day of Non-Violence 2024

This year, we are celebrating the 155th birth anniversary of Mahatma Gandhi. Mahatma Gandhi's birth anniversary is celebrated every year as Gandhi Jayanti to commemorate his ideals of peace and non-violence as well as his immense contribution to India's freedom struggle. In 2007, the United Nations General Assembly voted to establish 2nd October as the International Day of Non-Violence. Let us all follow the path of truth and wisdom and pay homage to our Father of the Nation on this day. The Father of the Nation with the tools of truth and non-violence, freed our nation from imperialism. He taught us to be the change we wish to see in the world. He taught us that where there is love there is life. He followed the path of peace and non-violence to make us unite.

Another Great Son of our country, Lal Bahadur Shastri was the 2nd Prime Minister of India and a senior leader of the Indian National Congress political party. He joined the Indian independence movement in 1920. Deeply impressed and influenced by Mahatma Gandhi, he became a loyal follower of Gandhi. This year, we are celebrating his 120th birth anniversary all over the country on 2nd October.

the Gandhi & Shastri Jayanti and International Day of Non-Violence has been observed on 2nd October, 2023 at Auditorium (Hall No. 6), Aryabhata Building in presence of Prof. Jagannath Padhi, Director, CUTM, Bhubaneswar Campus, Faculties, Staff and students.

## Visit to Mission Ashalok Students' Experience

### 1. UJJWAL MANDAL - 220301120104

I recently visited Mission Aasalok, where the person in charge explained how they care for mentally ill men, offering therapy and a structured lifestyle to aid their recovery. While we donated some items, they specifically requested old clothes for the residents. This made me realize how such simple contributions can make a big difference. I plan to bring my unused clothes next time.

The visit taught me the value of community support and the importance of mental health care. Even small acts of kindness can have a meaningful impact.

### 2. POOJA ARCHANA BISWAL – 220301120067

On my visit to Mission Aasalok, I gained insight into how they rehabilitate mentally ill men through therapy, routine, and care. The staff explained their daily challenges, and while their main need was for old clothes. This made me realize how even basic necessities can greatly help their residents. I'm planning to return with unused clothes from home.

This experience reinforced the value of mental health support and showed me how small, thoughtful contributions can make a meaningful impact on the lives of those in need.

### 3. SASWATI PUHAN - 220301120081

Today, I visited Mission Ashalok, a place where rescued individuals with mental health conditions, who are also homeless, find shelter. Walking into the facility, I was struck by the atmosphere of care and compassion that filled the space. The residents, each with their own stories and struggles, were living in a supportive environment, which gave me a deep sense of humanity and resilience.

The experience reminded me of the importance of mental health care, especially for those who have been marginalized by society. It also highlighted how vital it is to provide a safe space for recovery, where individuals can regain their dignity and rebuild their lives.

### 4. AYUSH BENYA – 221704290018

On the occasion of International Non-violence Day, Gandhi Jayanti and Shastri Jayanti, I am privilege to show some companion, empathy, and kindness towards the mentally challenged, homeless people of Ashalok Community, that always Gandhi talks about. The Head of that community talked about humanity, it's a big lesson for me that humanity in this generation is unique character. To give little companion and kind behaviour can change life of a person.

### 5. SOMANATH PARIDA – 220301120090

I wanted to briefly share my experience from our visit to Mission Ashaloka, a mental health rehabilitation center. It was an eye-opening and impactful experience, where we witnessed the dedication of the staff in providing psychological support and vocational therapy to help residents regain independence.

Interacting with the residents was inspiring, and it highlighted the importance of mental health awareness in our communities. I appreciate the opportunity to be part of this visit and look forward to supporting similar initiatives through our CSR efforts.

### 6. ABINASH SAHOO - 221704290013

Visiting a mentally challenged homeless community can be a deeply moving and eye-opening experience. Meeting individuals who are facing both homelessness and mental health challenges can stir a deep sense of compassion. Many of them have been through severe trauma, neglect, or systemic failures. Hearing their stories can help build empathy and understanding of the complexities they face.

### 7. AYUSH KUMAR SONTALIA – 220409120013

Visiting Adruta Children's Home was a heartwarming and eye-opening experience that left a lasting impression. As I entered the home, I was greeted by the bright smiles and warm hospitality of the children and staff. The home provides a safe and nurturing environment for orphaned and abandoned children, and it was inspiring to see how well-organized and caring the atmosphere was.

The children's enthusiasm and energy were contagious. Despite the challenges they've faced, they were full of life, hope, and dreams for the future. I had the opportunity to interact with them through games, conversations, and creative activities. Their eagerness to learn and engage with visitors was truly touching.

The staff at Adruta Children's Home are doing an incredible job, not just in providing basic needs like food, shelter, and education, but also in fostering a sense of belonging and love. The dedication and compassion of the caregivers were evident in the way they interacted with each child, treating them as part of a big family.

Overall, the visit reminded me of the importance of community support and how even small efforts can make a big difference in the lives of these children. The experience reinforced the value of empathy, giving back, and supporting those who need it most.

### 8. AYUSH BENYA – 221704290018

It's an honour to visit Children home on Independence Day 2024. Stepping into a children's home, I immediately sense a mix of emotions in the air. Spending time with the children is both heartwarming and humbling. They are often eager to interact, asking questions, sharing stories, and seeking your attention.

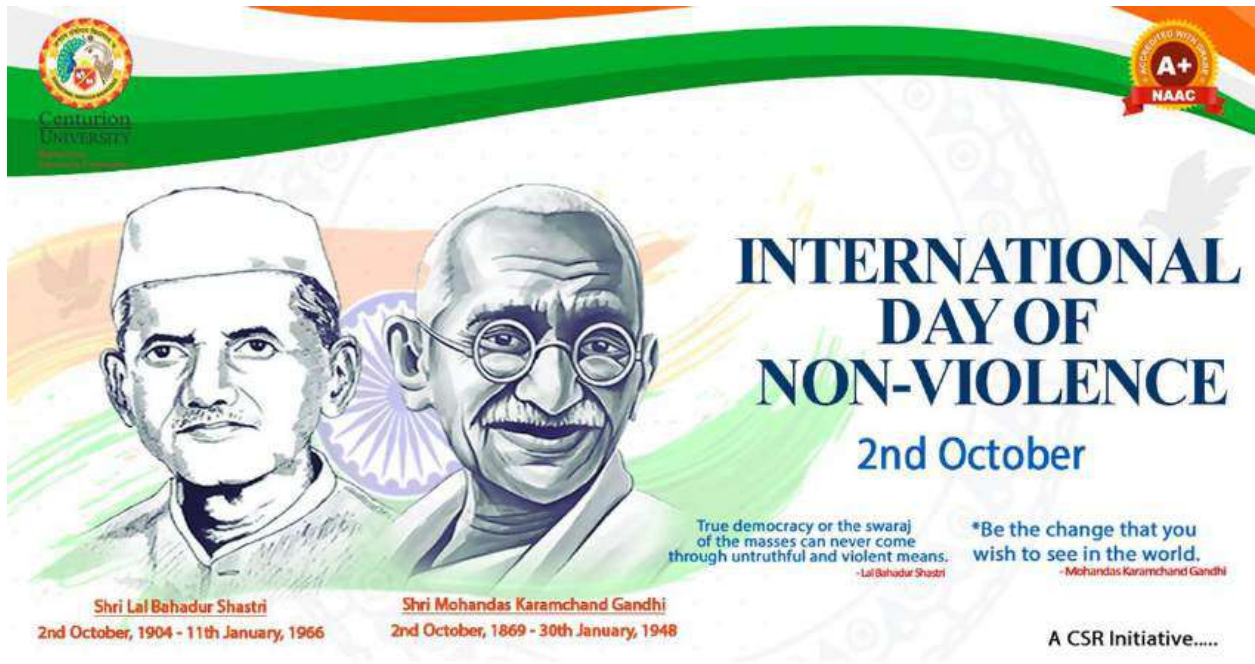

Visit highlights the strength and adaptability of these children. Their smiles, laughter, and ability to find joy in the small things are reminders of their resilience.

It's a great experience there. It's a kind request to you that please conduct visits like this.

### 9. SIKHA SUPRABHA PANDA – 230705100009

## Students' Experience

### 1. OM PRAKASH MOHANTY – B.TECH (2020-24) - ALUMUNUS

I am greatly pleased to visit Mission Ashra, a shelter home for destitute women with mental illness. As an alumna I'm so much happy and it filled my soul with pure bliss to spend some time with such loving people. They may be mentally challenged but are so pure at heart, their happy face filled my heart with gratitude. We made rangoli, danced with them, they show extraordinary talent which took us in a state of shock. Thank you for giving me such opportunity to be with them on the auspicious occasion of Deepavali.

Hope their life lightens too as the Diya lightens whole India.

### 2. SOMANATH PARIDA – 220301120090

I wanted to share my experience from today's visit to Mission ASHRA on this special occasion of Diwali. Located in the Janla, Industrial Area in Khurda, Mission ASHRA serves as a shelter home for mentally ill destitute women. The center currently houses around 250 women from various parts of the country, providing them with a safe environment and the much-needed support, from rescue and treatment to counselling and eventual rehabilitation into society.

Today's visit was both heartwarming and inspiring. We had the privilege of witnessing the residents participating in various activities like singing, dancing, and showcasing their handcrafted work. It was wonderful to see how engaged and happy they were, creating a vibrant and joyful environment within the shelter. The care and support they receive at Mission ASHRA are evident in their enthusiasm and involvement.

This Diwali visit was truly a reminder of the importance of compassion and community support

### 3. UJJWAL MANDAL – 220301120104

Visiting the Mission Ashra Shelter Home for mentally ill destitute women was an inspiring experience. We spent time interacting, performing, and sharing joyful moments with the residents. Seeing their enthusiasm as they sang and danced reminded us of the strength within each person.

Talking with the dedicated staff gave us insight into the women's situations and the challenges they face. The shelter is more than a refuge; it's a place of hope, healing, and transformation

Compassion and empathy can bring light to others' lives, showing that even small acts of kindness make a powerful impact.

Small acts of kindness and understanding can make a lasting impact, bringing comfort and hope to those who need it most.

Thank you everyone who contributed to making the meet-up impactful. I'm looking forward to future events and continuing to collaborate with you in the future.

6. PAULAMI DAS CHOUDHARY – 232112140015

Today, I had the profound opportunity to visit Mission Ashra, a rehabilitation and care center dedicated to mentally ill female destitute. This remarkable institution provides a safe haven for those whom society often overlooks, offering them both care and a sense of belonging.

Our visit coincided with the celebration of Diwali, which was held a day earlier in a beautiful effort to embrace the spirit of a "Green Diwali." The atmosphere was filled with joy and warmth as we engaged in creating vibrant rangoli designs, an act that fostered creativity and unity. Additionally, some participants showcased their talents through co-curricular activities, enriching the day with laughter and camaraderie.

Witnessing the resilience and happiness of the residents was truly inspiring. Mission Ashra exemplifies a commendable initiative that not only rehabilitates but also empowers these women, allowing them to celebrate life with dignity.

This experience was not just an act of service; it was a heartfelt reminder of the impact we can have by extending our compassion to those in need.

We have contributed food packets (Tiffin packets, Biscuit, Cake etc.) and extended financial help for the residents. All the support staff appreciated the contributions of Centurion University for the social cause. Thank you to all the students, staff & faculties members for their contribution. List of students visited along with some of their experiences is attached with this email.

The whole event was possible and successful due to the cooperation and support of the student and faculty/staff team. Thanks to the Management, Senior team, Administration team, MRC Team, Web Team, Staff, Faculties, and Students of CUTM and GTET for their support to make the celebration successful. ### **14) Satish Chandra Barik- 230301120324**

#### **A Life-Changing Visit to Ashya Mission**

Today, I had the privilege of visiting Ashya Mission, a remarkable organization dedicated to rescuing and rehabilitating street beggars. Located on Jatni-Khurda Bypass Road, this mission has been a beacon of hope for numerous individuals from Odisha, Bihar, Jharkhand, and other states.

During my visit, I was struck by the sheer number of people rescued – over 40 individuals from outside states alone. What's more remarkable is the comprehensive support provided by Ashya Mission. Not only do they rescue and treat these individuals, but they also reunite them with their families and continue to monitor their well-being.

Interacting with the rescued individuals and the Ashya Mission team was a profoundly moving experience. It dawned on me that many street beggars are not inherently mentally challenged, but rather, they are victims of circumstance, forced by environmental and family pressures to adopt a life of begging.

My visit to Ashya Mission taught me a valuable lesson: that every individual, regardless of their background or circumstances, deserves dignity, respect, and compassion. We must strive to create a more inclusive and supportive society, where everyone has access to the resources and care they need to thrive.

As I reflect on my experience, I am reminded of the importance of empathy, kindness, and social responsibility. I hope that my visit to Ashya Mission will inspire others to join me in making a positive impact on the lives of those in need. Together, we can create a brighter, more compassionate world for all.

### **15) Aryan Kumar- 220301121468**

Visiting Ashya Mission was a heartwarming experience. It's incredible to see such a compassionate space dedicated to supporting mentally challenged individuals. The staff's dedication and kindness towards those in need are truly inspiring. This shelter not only uplifts the lives of its residents but also contributes immensely to society by spreading hope and humanity. Truly commendable!

### **16) Snehashree Dash- 220714100029**

Today, on the occasion of Republic Day, I had the opportunity to visit the Ashya Mission Home, a place that serves as a haven for individuals in need. The experience deeply moved me as I witnessed people from diverse walks of life living together with hope and resilience.

It was truly heartwarming to see the staff's unwavering patience, compassion, and dedication in supporting and understanding everyone there.

I felt a profound sense of empathy for the residents and wished nothing but the best for them. I am immensely proud that our university has taken the initiative to contribute to addressing their needs and making a difference.

This visit has been both inspiring and enriching for me.

### **17) Biswajit Rout- 230301120328**

I recently had the heartwarming opportunity to visit the Ashya Mission, an organization devoted to supporting elderly individuals and others in need, especially those found in markets, railway stations, or similar areas. The visit offered me a deep insight into their incredible work and the positive impact they create in our society.

During my visit, I witnessed their commendable efforts in assisting elderly individuals who had been wandering around aimlessly due to joblessness, homelessness, or other hardships. A touching highlight was observing how the team identified people affected during the COVID-19 pandemic—some were jobless, some struggling due to handicaps, and others abandoned by families.

The volunteers at Ashya Mission not only rescued these individuals but also provided them with immediate necessities such as food, clothing, and medical care. For those suffering from ailments, they ensured proper treatment and rehabilitation. What stood out was their holistic approach: they not only cured physical issues but also provided emotional support to help individuals regain hope.

After recovery, the organization made every effort to reunite these people with their families. For those without familial support, they empowered them by enabling self-reliance through skill development and meaningful work opportunities.

The transformative journey of these individuals, from despair to stability and dignity, was truly inspiring. The mission's dedication to restoring lost hope and helping people rebuild their lives is a testament to humanity at its finest.

This experience reinforced my belief in the power of community-driven initiatives. Ashya Mission's work is a shining example of how compassion and commitment can bring about meaningful change.

### **18) Ujjwal Mandal- 220301120104**

Visiting Ashya Mission, a place dedicated to helping beggars, was an amazing and heartwarming experience. The mission's work revolves around rescuing beggars, mentally ill individuals, and homeless people, providing them with care, treatment, and, whenever possible, reuniting them with their families. Witnessing their selfless dedication to humanity was truly heartwarming.

One of the most memorable moments of the visit was interacting with the residents. Despite their circumstances, they radiated warmth and gratitude. A particular highlight was when one person confidently spoke to us in English. It was amazing to see their effort and enthusiasm, which reflected the transformative work the mission is doing to restore dignity and hope in their lives.

The visit made me reflect on the importance of compassion and service in society. It also inspired me to contribute, even in small ways, toward uplifting others. The experience will remain a cherished memory, reminding me of the value of humanity and the incredible impact of kindness.

### **22) Ayush Benya- 221704290018**

Visiting a home for beggars and mentally challenged individuals - Ashya Mission was a deeply humbling and eye-opening experience. The day began with a mix of anticipation and curiosity, as I stepped into the facility, eager to understand the lives of those who often remain invisible to society.

## CSR Annual Report 2024-25

Interacting with the residents was both heartwarming and emotional. The beggars, despite their hardships, were filled with gratitude and joy to receive attention and care. The mentally challenged residents, on the other hand, showed different levels of awareness, but their smiles and simple gestures of connection were incredibly touching.

Thank you for taking me there , really grateful to you.

Special thanks to all the students for their creativity and effort & to all the faculty in-charge of different clubs (Team CSR) for coordinating the competitions and the event successfully.

### Visit to Missionaries of Charity, Janla

#### Students' Experience

#### 23) Ayush Benya - 221704290018

Visiting the Missionaries of Charity, where mentally challenged and leprosy patients are taken care of is a deeply moving and humbling experience. The atmosphere there is filled with love, compassion, and selfless service.

Seeing the patients, many of whom have been abandoned by their families, makes one reflect on the harsh realities of life. Despite their suffering, many of them find joy in small things, whether it's a warm smile, a gentle touch, or a kind word. The dedication of the sisters, who work tirelessly without expecting anything in return, is truly inspiring. Their patience and unconditional love remind us of the power of humanity and the importance of serving others.

#### 24) Subhransu Sabat – 220301230021

I, Subhransu Sabat bearing registration no. 220301230021 from B.Tech (Aerospace), 3rd Year visited to missionaries of charity where persons with leprosy and psychic disorder are staying. Some of them are also abandoned by their family members.

I have realized that how painful the life is for them but they are very happy. This is the main gap between us and them though we are having a better life and privileges yet we lack in truthfulness.

### **25) Parambrahma Parida – 240301120275**

On the occasion of Utkal Divas, I had the opportunity to visit the Missionaries of Charity, an experience that was both humbling and inspiring. As I stepped into the premises, I was greeted by a serene atmosphere filled with warmth, kindness, and selfless service.

The sisters and volunteers, clad in their simple white saris with blue borders, were busy attending to the elderly, the sick, and the destitute. Their dedication to service without expecting anything in return was truly moving. The smiles on the faces of the people they cared for, despite their hardships, were a testament to the love and compassion that filled the place.

### **26) Soubhagya Ranjan Mishra – 230301120348**

Visiting to Missionaries of Charity, on the Utkal Dibas- 2025 was a heart touching and meaningful experience.

This is a place where many people with physical disabilities live and receive care. They face many challenges in their daily lives, but this charity helps them with their treatment and daily activities. The organization provides them with food, shelter, medical care, and emotional support. It is a place of kindness and love, where people are helped to live with dignity.

The Missionaries of Charity work hard to make sure that these people do not feel alone or helpless. The staff and volunteers take care of them and help them with simple tasks like eating, dressing, and moving around. They also provide medical treatment to improve their health. Many people who stay here have no family or support from outside, so this charity becomes their home. It gives them hope and strength to face life's difficulties.

Visiting this place will be a special experience. It will teach us the importance of kindness, compassion, and helping others. We will get a chance to see how these people live, talk to them, and understand their struggles. It will remind us to be grateful for what we have and encourage us to help those in need. The visit to the Missionaries of Charity, Janla on Utkal Dibas will surely be a meaningful and inspiring event.

### **27) Suraj Kumar – 221704290015**
