Event Details:

On the occasion of **World Liver Day**, the **School of Nursing, Centurion University of Technology and Management (CUTM), Paralakhemundi**, organized a special awareness program on **April 19, 2025**, centred around this year's global theme: "**Food is Medicine**". The event focused on promoting liver health through diet, lifestyle modifications, and education on liver diseases.

We were honoured to welcome **Dr. Madurai Ganesan Jayathangaraj**, Professor at the School of Veterinary and Animal Sciences (SoVAS) and Dean of Research and Development at CUTM, as the **Chief Guest** for the event.

The program began with a **felicitation ceremony** conducted by **U. Divya Jyoti**, a 2nd semester B.Sc. Nursing student and student coordinator. She warmly welcomed the guest and acknowledged his contributions to research and community education.

Following the felicitation, **Dr. M.G. Jayathangaraj** addressed the gathering and delivered a compelling talk highlighting the crucial role of diet in maintaining liver health. He shared valuable insights on the prevention and early detection of liver diseases and encouraged students to act as ambassadors of health awareness in their communities.

Poster Presentation and Skit:

The event continued with an engaging **poster presentation** by the 2nd semester Nursing students. The posters, created under the theme "**Promoting Liver Health and Raising Awareness About Liver Diseases,**" illustrated the causes, symptoms, prevention, and dietary approaches for liver-related conditions.

To deepen the impact of the message, the students also performed an **informative and thought-provoking skit**. The performance aimed to create awareness on liver health, the consequences of unhealthy habits, and the importance of regular health check-ups.
