Swaminathan School of Agriculture), who served as the guests of honor. Their involvement lent depth and enthusiasm to the observance.

Ms. Nibedita Mallik delivered an informative and thought-provoking talk on the theme of the day. She discussed the global TB burden, challenges in diagnosis and treatment, and emphasized the urgency of early detection and consistent medication. Her address highlighted the importance of continuous community-level awareness to overcome TB.

A **poster presentation competition** was held as part of the program, where the students of the School of Nursing showcased creative and informative posters. Their artwork addressed different facets of tuberculosis — from symptoms and preventive measures to treatment protocols and breaking the stigma surrounding the disease. The chief guests reviewed the posters and applauded the students' efforts, ingenuity, and clarity of message.
