

Name of the extension activity: World AIDS Day

Number of Participant: 56

Details of the event:

World AIDS Day is globally observed on December 1st each year to raise awareness about HIV/AIDS, show solidarity with those living with the disease, and honour lives lost. The theme for World AIDS Day 2024 was "**Let Communities Lead**", focusing on the pivotal role of local communities in prevention, care, education, and advocacy efforts against AIDS.

This significant day, School of Nursing, CUTM, BBSR organized a series of awareness activities including a poster competition, speech presentations, and a drama performance, all centered on the 2024 theme. The event aimed to educate nursing students and staff about HIV/AIDS prevention, reduce stigma, and foster empathy and action.
